Technical Specifications

AUX ENGINE STEP-UP GEAR BOX SYSTEM

Fan Drive System

Operational speed variable between 2400 RPM -3500 RPM to suit operation. Driven from the auxiliary engine via step-up gearbox and fluid flywheel coupling.

Step-up gearbox ratio: 1.79:1

Gutter Broom

In-cab down pressure and variable speed controls (0-200 мрн) - unhanded design.

Nozzle

H.D. alloy constructed rubber lined cast aluminium nozzle with 10 in I.D. inlet and tool-free adjustment unhanded design.

Wide Sweep Broom

Quick release brush system with a nominal $160 \mbox{ }_{\mbox{\scriptsize RPM}}$ rotation speed.

Dust suppression system

Dust suppression spray nozzles located at suction nozzle (4), gutter brooms (8) and (4) front spray bar.

Cab-controlled water purging system.

Controls

Center cab mounted master control panel with Johnston Video Monitor (JVM) providing information on a wide range of sweeper functions plus data capture download. Up to four optional cameras can also be viewed on the JVM screen. Separate palm rest controller for the main sweeping functions is mounted on the door side.

Electrical system

12 Volt.

All external loom connections are certified IP67 and IP65 rated. Dust proof and waterproof.

In cab noise

<68 dB(A) (dependent on chassis).

Exterior noise/ Sound power level

LWA 79 dB(A) for standard power engines measured in accordance with EC directive 2000/14/EC.

Debris Body LIFETIME WARRANTY

Body comprised of hopper & integral water tank. Fabricated from heavy duty 9 gauge stainless steel plate.

Cowling is lined with 1.25" soundproofing material.

Water tank incorporates anti-surge baffles and filled via a type 'A' water hydrant fill. An H.D. twin diaphram pump is able to run dry. Water tight twin lock rear door latching system with de-watering function. Two heavy duty body side access doors.

Hydrant wrench and fill hose.

Plug-in hopper floor as transfer port for use as street flusher.

11" rear discharge chute, twin rear LED beacons with guards, automatic deploying multi-position body propping mechanism and side storage lockers are standard features.

Service ladder with cat walk.

Stainless steel in my body

Complete hopper constructed of stainless steel Better corrosion resistance than mild steel Abrasion resistance better than 304 stainless steel Abrasion resistance better than 304 stainless steel Complete stainless steel water tank Superior corrosion and abrasion resistance Lowest ownership costs and best warranties Only "Lifetime Warranty" in the industry

Options

- JCB Ecomax 444 NRMM Tier 4 125 нр @ 2200 крм max torque 324.5 гг/LB @ 1300 крм
- Camera monitoring system
- In-Cab Gutter Broom Lateral Control
- PM10 dust suppression system
- In-Cab Gutter Broom Tilt Control
- Pneumatic vibrating hopper screens
- Powascrub In-Cab wide broom down
 pressure control
- Supawash high pressure washing system
 8.5 GPM @ 1500 PSI. Handlance, hosereel, front and nozzle spraybars
- 8" boom mounted Wanderhose with hydraulic power assist and 270° operation

A comprehensive range of additional options are available. Please ask for details.
